

Bernardo Rangoni

Max Weber Postdoctoral Fellow, European University Institute (EUI)¹

Affiliated, Centre for Analysis of Risk and Regulation, London School of Economics and Political Science (LSE)

bernardo.rangoni@eui.eu

Bernardo Rangoni joined the EUI as a Max Weber Postdoctoral Fellow in Law in 2017, right after having earned his PhD in Political Science from the LSE. His research is in the fields of comparative public policy, regulation, and governance, within and beyond the EU. It has appeared (or is currently under review) in the *Journal of European Public Policy*, *Regulation & Governance*, *European Law Journal*, and Oxford University Press.

Education

- PhD in Political Science, LSE, 2017
- Master of Research (MRes) in Political Science, LSE, 2012
- MSc in Regulation, LSE, 2010
- MSc in Law and Economics, LUISS Guido Carli, 2009
- BA in International Relations, Università di Bologna, 2006

Areas of expertise

- Comparative public policy
- Regulation and governance
- Delegation, experimentalist governance, and shadow of hierarchy theories

Publications

2011 ‘Spiegando l’incompleta liberalizzazione dei mercati energetici italiani’, *L’Industria*, XXXIII(4): 693-708.

2012 ‘A contribution on electricity storage: the case of hydro-pumped storage appraisal and commissioning in Italy and Spain’, *Utilities Policy*, 23: 31-39.

2017 ‘Architecture and policy-making: comparing experimentalist and hierarchical governance in EU energy regulation’, *Journal of European Public Policy*, DOI: 10.1080/13501763.2017.1385644.

¹ In Spring 2019, Bernardo will also become Postdoctoral Fellow at the Amsterdam Institute for Social Science Research.

2018 ‘A matter of degrees: comparing experimentalist governance in European Union electricity and telecommunications regulation’, with E. Mathieu, *Regulation & Governance*, revise and resubmit.

2018 ‘Marketcrafting through hierarchy and experimentalism: cognitive and interest-based causes and consequences’, *European Law Journal*, under review.

2018 *Experimentalist Governance: From Architectures to Outcomes*, Oxford University Press, under review.

2019 ‘European competition policy in practice: an experimentalist governance analysis’, with G. Monti, *Journal of Common Market Studies*, to be submitted in January.

2019 ‘Hierarchy in the Shadow of Polyarchy?’, *Journal of European Public Policy*, to be submitted in Spring.

2019 ‘Principal-agent or experimentalist dynamics of delegation? Two analyses of European regulatory agencies for markets and the case of energy’, with M. Thatcher, *Journal of European Public Policy*, to be submitted in Spring.

2019 ‘The politics of experimentalism: comparing EU regulation of electricity and gas’, with C.F. Sabel, *Regulation & Governance*, to be submitted in Spring.

2019 ‘Sector-Specific Regulation and General Competition Policy as Friends not Enemies’, with M. Thatcher, *European Journal of Political Research*, to be submitted in Spring.

Teaching experience

2016 – 17 Guest Teacher, postgraduate course in ‘Network Regulation’, Dept. of Government, LSE

2016 – 17 Graduate Teaching Assistant, undergraduate course in ‘Fundamentals of Politics Research’, Dept. of Political Economy, King’s College London (KCL)

2015 – 16 Graduate Teaching Assistant, undergraduate course in ‘Research Design in Political Science’, Dept. of Government, LSE

Additional professional experience

2019 – 20 Postdoctoral Fellow, ‘Integrating Diversity in the European Union’, Horizon 2020, The Amsterdam Institute for Social Science Research

2016 – 17 Research Associate, ‘Wise Grid: Wide scale demonstration of integrated solutions and business models for European smart grids’, Horizon 2020, Centre for Commercial Law Studies, Queen Mary University of London

2015 Visiting Researcher, Yale Law School

2012 – 16 Research Assistant, ‘The International Political Economy of Sovereign Wealth Fund investment’, Kuwait Programme, LSE

2012 – 15 Analyst (part-time), Energy and Regulation teams, Oxford Economic Research Associates (Oxera)

2010 – 11 Advisor, Markets team, The Union of the Electricity Industry (Eurelectric)

Invited conferences and workshops

‘Retelling the European banking union: from global directly-deliberative polyarchy to hierarchical implementation and monitoring’, Multidisciplinary Research Colloquia on Regulatory Governance, EUI, Florence, May 2018; and ECPR Standing Group on Regulatory Governance, Lausanne, July 2018.

‘Marketcrafting through hierarchy and experimentalism: cognitive and interest-based causes and consequences’, Young Researchers Master Class on Agencification of EU executive governance, Brussels, April 2018

‘Retelling the European banking union: experimentalist governance in hierarchical disguise’, Max Weber Fellows in Law, EUI, Florence, February 2018; and EU Financial and Monetary Law Working Group, EUI, Florence, March 2018

‘A matter of degrees? Comparing experimentalist governance in EU electricity and telecommunications regulation’, with E. Mathieu, ECPR general conference, Oslo, September 2017

‘Architecture and policymaking: theory and practice of experimentalist governance in EU energy regulation’, Competition Law Working Group seminar, EUI, Florence, May 2017

‘Regulation after agencification: uncertainty and hierarchy in the case of energy’, New governance and regulation in the energy sector, Belgian Federal Regulatory Authority of Energy (CREG) and Centre Perelman de Philosophie du Droit of the Université Libre de Bruxelles (ULB), Brussels, March 2017

‘Uncertainty and engagement with EU agencies in internal market regulation by the European Commission: the cases of electricity and gas’, Young Researchers Master Class on Agencification of EU executive governance, EUI, Florence, November 2016

‘Principal-agent or experimentalist dynamics of delegation? Two analyses of European regulatory agencies for markets and the case of energy’, with M. Thatcher, ECPR Pan-European conference on the EU, Trento, June 2016

‘Principal-agent or experimentalist dynamics of delegation? Two analyses of European regulatory agencies for markets and the case of energy’, with M. Thatcher, Council of European Studies, Philadelphia, April 2016

‘Principal-agent and experimentalist dynamics in the European Union regulation: the case of energy’, with M. Thatcher, Use and limitations of the principal-agent model in studying EU politics, Louvain, April 2015

‘Experimentalist architecture and policymaking: regulating the European internal energy market’, Reinventing Government taught by Charles Frederick Sabel, Yale Law School, New Haven, April 2015

‘Experimentalist architectures and policymaking: regulating the European internal energy market’, workshop on public policy and political economy, Depts. of Government, International Relations and European Institute, LSE, November 2014

‘Sector-specific regulation and general competition policy as friends not enemies’, with M. Thatcher, Regulation of Infrastructures, Florence School of Regulation, EUI, Florence, June 2014

‘Distributive conflicts and experimentalist policymaking: the case of access to cross-border European power networks’, workshop on public policy and political economy, Depts. of Government, International Relations and European Institute, LSE, February 2014

‘Strategic uncertainty, distributive conflicts, and framework rulemaking and revision: the case of European energy markets integration’, workshop on public policy and political economy, Depts. of Government, International Relations and European Institute, LSE, January 2014

‘Testing the scope conditions for experimentalist governance: rule-making processes for network access in the Florence Forum’, European and Transnational Rulemaking, University of Amsterdam Jean Monnet Chair in European and Transnational Governance and ACELG, Amsterdam, July 2013

‘The political economy of European electricity markets integration: comparing regulatory institutions’, workshop on public policy and political economy, Depts. of Government, International Relations and European Institute, LSE, February 2013

‘A contribution on the regulation of electricity storage: the case of hydro-pumped storage in Italy and Spain’, International Conference on the European Electricity Market, EUI, Florence, May 2012

‘A contribution on the regulation of electricity storage: the case of hydro-pumped storage in Italy and Spain’, Centre for Competition and Regulatory Policy, City University, London, January 2012

‘Explaining the incomplete liberalization reform of the Italian energy markets’, Competition and Regulation in Network Industries (CRNI), Brussels, November 2011

Funding awarded

2018 – 2019 LUISS Guido Carli Contratto di Ricerca

2018 – 2019 Technical University of Munich (TUM) School of Governance Visiting Post-Doc Fellowship in Global Transformations (declined)

2018 Cátedra Telefónica Institut Barcelona d'Estudis Internacionals (IBEI) Research Fellowship

2017 – 2018 EUI Multidisciplinary Workshops

2015 – 2016 LSE Postgraduate Travel Fund

2015 Santander Travel Research Fund

2011 – 2016 LSE Research Studentship
