

The papers must be sent (in Spanish, English or Catalan) until 30th March 2022, in Word format, through the [EasyChair platform](#).

All papers will be evaluated anonymously, for that purpose, they will be required not to be merely descriptive, but to include an analysis that explains objectives and a specific methodology.

To obtain the certificate of participation in the VI CIED, the papers must be presented by, at least, one of the authors in the corresponding thematic line sessions. The papers that are not presented at the conferences will not receive the corresponding certificate.

A digital copy of each paper will be included in the Conferences Proceedings, prior authorization of the authors. In addition, only those papers that come in the requested format and have been presented in the parallel sessions of the conference will be included.

The papers presented in Spanish and Catalan will also include a summary in English.

To facilitate the edition of the Conference Proceedings, the papers must conform to the editing rules detailed below.
