

**RANGE 1 (completely disagree) to 5 (fully agree)**

## **1. Personal Teaching Experience**

I enjoy teaching my classes at IBEI

It is important to update course content to reflect changes in the literature

I use student evaluations to improve my course design and teaching

I would like to receive additional training to improve my teaching skills

Additional Comments:

## **2. Additional academic responsibilities**

I find being a personal tutor rewarding

I find being a dissertation supervisor rewarding

Additional teaching responsibilities (supervising dissertations, chairing meetings, assessing applications, etc.) are fairly distributed among staff

Overall, I have an appropriate level of additional academic responsibilities

Additional Comments:

## **3. Management of the Masters Programmes**

The academic office does a good job managing the Masters programmes

The Coordinators of the Masters programmes do a good job

Information about the Masters programmes is distributed in good time and is clear.

The classrooms I teach in work well for my needs

There are sufficient teaching resources available to the students of my classes (books, etc.)

Additional Comments:

## 4. Satisfaction with information technology

Email hosted by Google is working well

The Campus Global is easy to use

I use Turn It In on coursework submitted to me

IT support is efficient and effective

The electronic resources of the library work well
