

Pablo Astorga Junquera

Carrer de Ramon Trias Fargas, 25, 08005 Barcelona, Spain

e-mail: pastorga@ibei.org

An economist with considerable academic and market-oriented experience in the analysis of developing countries. Currently he is research fellow at the Barcelona Institute of International Studies (IBEI). He was senior economist for Oxford Economics from 2001 to 2009, having under his responsibility the assessment and forecast of the leading Latin American economies and the management of various consultancy projects. Prior to that he was a research fellow at St Antony's College, Oxford. His research has focused on the study of economic development in Latin America over the long run, including income inequality, economic growth and productivity. The outcome of this research has been published in Journal of Development Economics and The Economic History Review among others. Regarding qualifications, Pablo holds a D.Phil. in Economics and a M.Sc. in Development Economics from the University of Oxford. He also has an MBA from IESA, Venezuela.
