Preparation for European Institutions' open competitions – Computer based tests (admission tests)

Session in English

Institut Barcelona d'Estudis Internacionals (IBEI), Monday 20th April & Tuesday 21st April, 2015

ENA's Directorate of European Affairs offers courses for the European institutions recruitment competitions, which have been given the support of the French authorities. It has also been listed as a preparatory centre for France by the European Personnel Selection Office (EPSO).

The Department handling the "Preparation for European institutions recruitment competitions" proposes short and intensive preparation (1 to 3 days), to deal with EU recruitment competitions, in order to become a European civil servant.

Since 2003, our Department has answered regular requests from institutional partners and has organised courses in 19 EU Member States. Over 20,000 candidates have already been trained by the ENA. Thanks to its considerable experience and expertise, preparing with the ENA multiplies candidates' chances of success by 8 on average.
